## Recommendations

- **Cleaning:** cleaning products must be specifically designed for low migration.
- **Storage:** Store at temperatures between 20-25 °C. Avoid the direct exposure to light and heat sources. A well-conditioned and clean work environment ease the good behaviour of all the components during the printing process.  
**OVERPRINT MATT VARNISH LM** does not have an expiry date in the short or medium term.

## Regulatory

- The raw materials used in the manufacture of these inks are specially selected to meet the requirements of Regulation 1935/2004 and 10/2011 as well as Swiss Ordinance 817.023.21 regarding food packaging. These regulations require that materials and articles which, in their final state, are intended to come into contact with foodstuffs, must not transfer any components to the packaged food in quantities that endanger human health or cause a change in composition or deterioration in the organoleptic properties of the food.
